Question 5: What types of activities do you wish we had downtown? (Food truck rallies, art walks, ladies' nights, etc.)

1.	Food trucks would be great.
2.	More food venues. Outdoor music in the summer.
3.	Food Truck Rallies, Art Walks, Food markets for farmers around the area, not just Saturday mornings, preferably more all day Activities. If the weather calls for it of course. Honestly a railroad station for passengers would be awesome!!!! Maybe make a underground Railroad Station.
4.	Fun things for kids to do Ladies Night More food vendors
5.	Christmas lights to walk and see, art walks, community events
6.	Love the idea of food truck rallies, art walks, ladies night, ect.
7.	Rec center.
8.	Anything family friendly to build the community.
9.	Roller rink. Panda Express. Taco Bell. Kids play place
10.	Child friendly places...
11.	Art walks. Bigger outdoor market. Street festivals.
12.	Food trucks local artists and musicians steak house
13.	I think the hard work of the community canvas should be accompanied by outdoor seating for coffee, drinks, or food for a destination meeting spot. To me this should have been addressed in all of the plans.
14.	Skating rink splash pad food trucks
15.	More places to shop that are open when I can shop. If you want me to shop in Mountain Home, you need business that sells what I want to buy that is open when I want to buy it.
16.	Food truck rallies, art in the park
17.	Kid friendly events, beer and wine festival, more produce at Saturday market.
18.	A good steak restaurant
19.	All of the above.
20.	Food trucks, public restrooms, more retailers, better kid stuff
21.	Art walks, indoor playground for kids
22.	A quality youth center...with afterschool and summer activities.

Question 5: What types of activities do you wish we had downtown? (Food truck rallies, art walks, ladies' nights, etc.)

23.	American restaurants
24.	It's fine how it is.
25.	Activities that don't require the streets to roll up at 5pm Tues-Fri like most of the current business already do
26.	All of the above
27.	All of the above sound good. Anything that gives us something to look at or do.
28.	Food
29.	All of those suggestions are good.
30.	Food truck rallies would be amazing. We actually go for the ones in boise. Only worth it if you get out of town trucks. Won't take the time for food trucks I can eat at everyday.
31.	more things like art in the park, parks to take a break in, more friendly business fronts, more variety of shopping
32.	Indoor swimming pool
33.	Better shopping experiences, fishing and music fit my interests.
34.	Community Center - a more visible/central location for a variety of classes and cultural events. Including those already being offered by Parks and Rec and the city Library. An opportunity for an indoor year-round farmers/artists market, another community garden, a dog-friendly playground with plenty of shade and maybe even an indoor swimming pool someday. Information for visitors and new residents. Basically, everything that the corrupt Rec District promised this town that is not likely to ever materialize while trying to include/involve the good things that the town does already offer.
35.	Social events
36.	Food truck rallies

Question 5: What types of activities do you wish we had downtown? (Food truck rallies, art walks, ladies' nights, etc.)

37.	<p>I don't know if Mountain Home needs one activity but an overall long-term business investment. I love the ideas that Lewiston and Twin Falls have started doing to revitalize their downtowns. Twin Falls has invested time and money to update the store fronts, sidewalks and overall appearance of their main street. They've recruited trendy new coffee shops, restaurants, a Glanbia cheese store and more on their Main Street. It would be great to see more businesses like that opening in Mountain Home. It would be fun to see one of the dairies around town open up an ice cream or cheese store similar to cloverleaf creamery in Buhl or the Glanbia store in Twin Falls. The owner of the Blue Lantern cafe in Lewiston said she got some sort of low rent subsidy or grant to help her get her business started and helped her the first few years. Now her coffee shop/beer and wine bar is very successful. She puts on art shows and live music events. A brewery would also be a good addition to Mountain Home. There are lot of people that like to have a nice beer but not go to a bar and there are not a lot of options for that in town. Breweries are a trend that continues to grow. While we can't compare ourselves to Boise there are several other small towns that have local breweries that have been successful as well. In Boise, several of the breweries don't serve food but work with food trucks to provide that service. One final thought is on the farmers market. Farmers markets are a great community asset. There needs to be some city involvement in the farmers market because the manager is a bully. She is very selective in who she allows to be a vendor and that shouldn't be how it works. It is also a disappointment that they don't allow SNAP at the market. I know that the Idaho Farmers Market Association came to present on the EBT program and how easy it is to use. The is a loss of income for market vendors. I believe some of this work has been done through Main Street Grant but also investment by the cities. Thanks for all the work going into making Mountain Home a better place to live. A lot of people including myself spend a lot of money shopping and eating in Boise. It would be great to see that change.</p>
38.	<p>Food Truck, Tai Che in the park, like to see activities for Seniors. Not much here for Senior activities in a regular basis, such as Senior Time at the pool or water arobics. The Comunity Pool has several hours of down time that could fit these activities in their current schedule. Pool should be open Spring through Fall for these activities.</p>

Question 5: What types of activities do you wish we had downtown? (Food truck rallies, art walks, ladies' nights, etc.)

39.	Any of the above. Better businesses but according to what I have heard rent is so high no one can stay.
40.	This town needs more stuff for kids to do.
41.	Food, our door dining, art, ladies night, I love small town feel where you can walk and enjoy family events, I moved here from a very kid and family friendly town, there was regular community events.
42.	Something a bit more accessible to handicapped people such as my nephew who is blind and autistic. A non Medicare/Medicaid funded program that doesn't cost an arm and a leg.
43.	N/A

46.	Community events...
47.	More family focused events. Live music
48.	Splash park
49.	Child based activities .. indoor play space mini golf, pool, air hockey ..free. maybe used Paul's and make the upstairs a coffee shop . It is either too hot or too cold for kids and elderly most of the year here. I splash pad is fun but for only a couple months out of the year.

51.	Would like more family and kid friendly activities
52.	Restaurant, kid friendly activities (slash pad)
53.	Art Walks, Food Truck Rallies
54.	Food truck rallies and art walk

63.	food truck, concerts, festivals
64.	Food truck rally, I like the farmers market, better shopping
65.	Fewer bars more family oriented activities. Less on-street parking more off street parking. Reduce Main and 2nd by one lane and create more pedestrian friendly spaces. Look at the big cities (ie. New York, Denver, Portland). Read up on Walkable City by Jeff Speck, you will quickly understand why all of these concepts are flawed.
66.	Craft shows, Food fair. Sidewalk Sales. Local music talent.
67.	Food Truck Rallies, I love the idea of having a splash pad too. The community center would be a great place to have local farmers market gather, and could have dining like sandwich shops/coffee etc. people could have sitting area to do business meetings etc. The old Paul's location could also be used as indoor activity center like ice skating/bowling/arcades. Something like that for kids. Maybe incorporate something like Big Als in Boise??

89.	All of those sound great. They splash pad is an amazing idea!

101.	An event center for plays, musical events, trade shows, community events More variety in the foods available, maybe something like First Thursdays in Boise with cultural events, music and the local businesses providing incentives to come in and take a look. Something as simple as a drink and a simple snack would work. Art throughout the local businesses would add to the culture of the town. Even if it was a 1x per month event...It would give a reason for people to come downtown. Food trucks with quality food and any sort of event such as a rally, car show, street dance, etc would be great.

115.	Splash pond is a good idea since we don't have an indoor swimming pool. Need to had plenty of parking available and LOTS of benches for those that want to watch and cool off, not necessarily participating.
116.	None of those. The limited parking downtown should be left for customers of businesses and not be taken up by Art walks
117.	Park for kids
118.	Food Truck Rallies,
119.	Need a truck route, use urban renewal money to purchase Hub building & parking lot tear down building for parking & event spot for community canvas events. My opinion is your not going to be able to change the traffic on state highways so you need to look at what you can do to improve parking for events downtown. Copies should be hand delivered to all business that will be affected for their comments. They live with the traffic and minimal parking every day. You also need to get the landlords involved in the downtown plan. Need to be able to zoom in on the concepts can't read descriptions. Don't care for any of the 3 concepts they are not realistic for traffic flow. Chris Alzola
120.	Food truck rally would be great. We don't care for a "party" atmosphere...too many people get out of hand
121.	Continue with big events, Harvest Festival, Crazy Daze This seems to really bring people downtown, As a Business owner on 3rd Street I like it because... traffic is slower and more room for parking. getting in and out of your car; the slower pace is noticeable over 2nd and Main Streets. I think 3rd street is used a lot more by locals to access downtown than you may realize. thanks for the survey!

Have none of you ever looked at a city with a successful downtown? Parking or the direction of the traffic Isn't issue and if customers are telling you this, they are lying to owners. We have lived here over 10 years, and the reality is down town looks like crap! Truth.. you need to get the property owners on board with renovating there store fronts and asking a reasonable price for monthly rent or you'll never succeed. On the flip side Business move locations or go out of business faster than a tornado, and there operating hours are a joke over half the population isn't even home by 6pm.. um. Hello, but yeah the traffic flow and lack of parking is the issue...lol...As such I just ignore the whole place. And shop off American legion where the storefronts don't change location ever other month and there operating hours don't coincided with bankers hours.</p>

Q8

For Concept 1, what do you like about this concept? What do you dislike?

Answered: 283 Skipped: 111

I dislike turning 1 way streets to 2 way and losing the El Rancho parking lot.

8/10/2017 10:33 PM

Boring

8/10/2017 7:34 PM

I love everything, it's re-design in of what we already have, and we can easily can expand it in the future as well as put A Railroad Station for Passengers to create more business flow, alot of Farmer Market and Food Trucks, not to mention Businesses by the train station can benefit from it. I would like to see more bike lanes in it to promote "healthy" traveling. Love the sound barrier wall!

8/10/2017 3:48 PM

I like the pedestrian only area on 4th. I don't like changing the main street traffic direction.

8/10/2017 2:30 PM

I like the diagonal parking in front of the businesses but not in love with the pedestrian walk by the youth ranch. the buildings around that area need cleaned up real bad

Q9

For Concept 2, what do you like about this concept? What do you dislike?

Answered: 300 Skipped: 94

I like the development of a Community Center. I dislike turning one-way streets into two-way streets.

8/10/2017 10:33 PM

Food and music

8/10/2017 7:34 PM

It looks like you're trying to down side Concept 1 to put more money in the Community Center, in which I'm presuming you would be buying the property from Albersons (due to Paul's being bought from them). Plus, I would rather see the building brought down and re done into a Park or a lot for the Farmers market. I like the Event area alot, it would bring people together, and would bring people attention to the firetruck that is there. I don't like the idea of the Community Center, a Splash Park would be better.Love the sound Barrier wall!!

8/10/2017 3:48 PM

I like the location of the splash pad, and the idea of a community center. I don't like the change of traffic pattern for either road.

8/10/2017 2:30 PM

Q10

For Concept 3, what do you like about this concept? What do you dislike?

Answered: 276 Skipped: 118

I like the splash park by Railroad park. I dislike turning One-Way streets into two-way streets

8/10/2017 10:33 PM

Boring

8/10/2017 7:34 PM

Concept 3 looks like too much of a down size to Concept 1 and 2. Agreeing on the expansion of the park, but without a sound barrier from the trains, the expansion would be useless do to the noise the trains create, no one would want to go through the park due to the noise. I do not like this plan, at all

8/10/2017 3:48 PM

I like the ideas of a pedestrian loop. I don't like the location of the splash pad, too close the the rails.

8/10/2017 2:30 PM

Splash Park.. More friendly event
