September 2019

Downtown Revitalization Midweek Updates

Thanks for tuning in to our midweek update for Main Street's construction. We are excited to announce that Jackson Street, both East and West, will be completely opened by the end of Wednesday!

More progress in the way of water mains - East 2nd North Street is complete and City crews will be working on American Legion next week. American Legion to be closed next week. Construction on American Legion between Main Street and North 2nd East will take approximately 2 weeks. Please plan in extra commute time and bear with us as crews work to complete this part of the infrastructure. We know that construction is never a fun process to go through, but we appreciate your patience and we are cruising through this project.

Sidewalk Demolition

Sidewalks on Main Street from East Jackson to East 2nd North Street are set to begin demolition on Monday, September 30th. Six feet from the building face towards the street will be demo'd and replaced with a compacted gravel sidewalk that is ADA compliant. During this time many businesses have opened up their back entrance! Be prepared and check if the business you're visiting has an alternate entrance that can be used or if they offer delivery services.

The Downtown Business Spotlight is such a neat way for the businesses along Main Street to share a bit about themselves! We hope you keep tuning in for them and if you've missed any, you can check them out on the City of Mountain Home's Facebook page.

Do you have an idea for a topic you'd like to see covered in the Downtown Newsletter?! We want to hear it!! Email your idea to mhed@mountain-home.us. Thanks for your participation and dedication to getting news right to your inbox!
